**Re: Finding of Violation**  
Metro East Recycling - Madison  
Madison, Illinois

Dear Mr. Parsons:

The U.S. Environmental Protection Agency is issuing the enclosed Finding of Violation (FOV) to Metro East Recycling (you). We find that you have violated the Clean Air Act (CAA), 42 U.S.C. § 7401 *et seq.*, specifically the regulations for the Protection of Stratospheric Ozone located at 40 C.F.R. Part 82, Subpart F, at your Madison, Illinois facility. EPA Promulgated these regulations as required by Section 608 of the CAA, 42 U.S.C. § 7671g.

We have several enforcement options under Section 113(a)(3) of the CAA, 42 U.S.C. § 7413(a)(3). These options include issuing an administrative compliance order, issuing an administrative penalty order and bringing a judicial civil or criminal action.

We are offering you an opportunity to confer with us, either in person or by telephone, about the violations alleged in the FOV. The conference will give you the opportunity to present information on the specific findings of violation, the efforts you have taken to comply, and the steps you will take to prevent future violations.

Please plan for your facility's technical and management personnel to attend the conference to discuss compliance measures and commitments. You may have an attorney represent you at this conference.

The EPA contact in this matter is Natalie Topinka. You may call her at 312-886-3853 to request a conference. You should make the request within 10 calendar days following receipt of this letter. We should hold any conference within 30 calendar days following receipt of this letter.

Sincerely,

  
George T. Czerniak  
Director  
Air and Radiation Division

Enclosure: SBREFA fact sheet

cc: Ray Pilapil, IEPA

1. In accordance with Section 608 of the CAA, 42 U.S.C. § 7671g, EPA promulgated regulations at 40 C.F.R. Part 82, Subpart F, applicable to recycling and emissions reductions of ozone-depleting substances. The purpose of the regulations is to reduce emissions of class I and class II refrigerants to the lowest achievable level during the service, maintenance, repair, and disposal of appliances. 40 C.F.R. § 82.150(a).
2. Under 40 C.F.R. § 82.156(f), persons who take the final step in the disposal process (including but not limited to scrap recyclers and landfill operators) of a small appliance, room air conditioning unit, Motor Vehicle Air Conditioner (MVAC), or MVAC-like appliance are required to either:
  - a. Recover any remaining refrigerant from the appliance in accordance with specific procedures described in 40 C.F.R. § 82.156(g) or (h); or
  - b. Verify that the refrigerant has been evacuated from the appliance or shipment of appliances previously. Such verifications must include a signed statement from the person from whom the appliance or shipment of appliances is obtained that all refrigerant that had not leaked previously has been recovered from the appliances or shipment of appliances. This statement must include the name and address of the person who recovered the refrigerant and the date the refrigerant was recovered or a contract that refrigerant will be removed prior to delivery. 40 C.F.R. § 82.156(f)(2). Any signed statements must be maintained on-site for a minimum of three years. 40 C.F.R. §§ 82.166(i) and (m).

### **Factual Background**

3. Metro East owns and operates a scrap metal recycling facility (the facility) at 116 State Street, Madison, Illinois.
4. On August 24, 2012, EPA conducted an inspection of the facility. During the inspection, representatives of Metro East stated that the facility accepts small appliances and MVACs for recycling. During the inspection, EPA inspectors observed and photographed small appliances and MVACs.
5. During the inspection, representatives of Metro East stated to EPA that Metro East did not recover refrigerant from small appliances or MVACs that are brought to the facility.
6. During the inspection, Metro East informed EPA that it did not have contracts with or require written statements from its suppliers verifying that all refrigerant had been properly recovered prior to the delivery of appliances or MVACs.

### **Finding of Violations**

7. For the above reasons, EPA finds that Metro East has violated 40 C.F.R. § 82.156.
